Complainant Arkema Inc., submits this weekly status report on discovery progress pursuant to the Order that Administrative Judge Dring issued on March 2, 2017, in this proceeding.

Arkema has completed its production of documents in response to Union Pacific's discovery requests and is developing a privilege log.

Union Pacific has requested additional information about the process Arkema used for removing duplicates from the records it collected and about the scope of files maintained by custodians. Arkema is investigating these items and plans to respond shortly.

3. Plans to Address Outstanding Discovery

Arkema is creating a privilege log pursuant to the Protocol for the Production Electronically-Stored Information and Paper Documents that applies to this proceeding. Arkema has proposed dates for the deposition of an Arkema witness the week of June 18th or July 9th. UP counsel has indicated they have a conflict with the former and has not yet responded as to the latter.

4. Estimate of Time to Address Concerns

There are no outstanding discovery concerns.

Respectfully submitted,
