Weekly Status Report of Arkema Inc.—July 12, 2018

Complainant Arkema Inc., submits this weekly status report on discovery progress pursuant to the Order that Administrative Judge Dring issued on March 2, 2017, in this proceeding.

1. Progress of Discovery

Arkema has completed its production of documents in response to Union Pacific's discovery requests and produced a privilege log.

2. Outstanding Discovery Concerns

Union Pacific has inquired about certain documents that Arkema produced or listed on the privilege log and about the custodians searched. Arkema has responded to these requests and is producing an updated privilege log with minor adjustments.

3. Plans to Address Outstanding Discovery

Arkema has proposed multiple dates extending into late August for the deposition of an Arkema witness. UP's counsel has declined to commit to a proposed deposition date until Arkema completed its document production and produced a privilege log. Now that it has done so, Arkema expects UP to agree to a proposed deposition date in the last week of August.

4. Estimate of Time to Address Concerns

There are no outstanding discovery concerns.

Respectfully submitted,
