GLBT Application
Abraham

Scheppler
212 North Owen

Mount Prospect
Illinois
60056-
zombieman100@gmail.com
Private Citizen

Please deny the Great Lakes basin request to keep their shareholders private. Warren Buffet is proud to have his name associated with BNSF, why are the GLBT investors ashamed of their affiliation. Their request is also faulty as the cases they cite as reason to be afforded the same confidentiality are much smaller projects affecting few people, as opposed to the GLBT project which affects millions. Please release their investors and issue an immediate denial of their application as there is no public necessity proven by them in their application, it is just more half truths and made up numbers.
