I have just read the 16 page response GLBT provided on July 31st, 2017. Once again, GLBT still does not have a solid commitment for financing. Once again, GLBT still does not have any committed customers. Once again, GLBT is basically asking for the application approval now, with details to follow later.

One more detail worth noting. On page 14 of their response, in the first full paragraph, James Wilson admits that they have been talking with foreign investors to finance their project.

"We have talked with investors in the U.S., Canada, Mexico, Europe, Middle East, and Australia."

STB's approval of this project will allow land to be taken by eminent domain for foreign investors' profits! NO BUILD!!
