None

To Whom it may Concern:

I feel the complete ownership of the rail line from Indianapolis to Noblesville known as the Nickel Plate Rail Line should be turned over to some entity other than the Hamilton County Commissioners and Cities of Fishers and Noblesville. Iowa Pacific Holdings put in a bid that was far superior than other bids but Iowa Pacific Holdings was denied the line. This is not right.

The rail line is there for commerce – let it be used for commerce. Please do not allow the cities of Fishers and Noblesville Indiana to take out the rails between the cities.

Thank you,

K. Tim Debaun
