I am opposed to the Great Lakes Basin Transportation Rail project and I want you to deny the Motion for Protective Order to conceal the investors.

We live on a farm that my Father-in-Law, a returning WWII Veteran, worked his whole life for and made many sacrifices to establish. Our farm is our pride and joy and will carry on in our family with its many generations as we continue to hold it dear in our hearts. The thought that we could lose the farm or disturb the landscape due to private corporate greed, is deeply upsetting. We have been part of agriculture in Northern Illinois for more than 70 years, and the thought of our family, friends and neighbors being robbed of what is rightfully theirs is deeply troubling. There is no need for this rail road, it's destructive to the environment, destroys family farms, and violates the morality of the sacrifices made by soldier turned farmer, John Curttright, who settled our farm.

Please consider how this proposed rail road will impact the lives of so many people when you vote on this unnecessary rail project.

Thank You,

Charles and Mindy Curttright
