As a tax payer and a resident of PP I am writing again to submit my opinion on this proposed "railway". It would be devastating if allowed to proceed. Hurt our farms, land, roads it passes thru, property values. Not only is there NO NEED for such a project but our current rail system has come out AGAINST this idea. Has even stated that the BSNF rail WILLNOT use it. Our Congressman, Adam Kinzinger has also given a negative review of this proposal and is AGAINST it. Further, there is current rail ties that exist in these areas and towns that the proposal has come up with . These lines which have been abandoned for some time could be reestablish at much lower cost and without such a negative impact.

We who live here in rural IL MUJST BE HEARD. Our VOICE AND VOTES COUNT> THERE ARE MORE OF US THAT ARE AGAINST THIS THAN THERE ARE IN THE GLB.
