ENTERED
Office of Proceedings
May 19, 2017
Part of
Public Record

As a lifelong resident of Rockville Township, Illinois, in the path of the proposed GLBT railroad, I request that you DENY the motion for order of protection requested by the GLBT, protecting their investors' identities. I have a right to know who intends to drive my neighbors from their farms and to prohibit me from operating my farm and marketing my grain efficiently, as well as putting my safety at risk. Without that knowledge, the residents feel like "sitting ducks" as our property ownership is public record: those trying to take our property should also be identified on public record.
