Dr. Garrison,

I am following up regarding a proposed rail line construction at Cates Landing in Lake County, TN by the Northwest Tennessee Regional Port Authority. My agency is in the process of finalizing the environmental and historic review for this project. Before we publish the Environmental Assessment, I wanted to follow up your your office once again regarding the Section 106 review. The last communication we received from the Historical Commission was on June 15, 2015 and is attached to this email. In response, we sent a letter dated July 10, 2015 to document our finding of no historic properties affected (also attached). Can you confirm that the Tennessee Historical Commission still does not have any concerns regarding this proposed project? Please feel free to call me at the number below.
