Hi James,

I am checking in with you regarding your intention to submit comments on the Tongue River Programmatic Agreement (PA). As you know, we are seeking comments on the PA as part of our overall Draft EIS comment period. Any comments that you can provide on behalf of the Northern Cheyenne Tribe will only make the PA a better document. The comment period, as extended, ends September 23rd.

We were very thankful to have your predecessor, Conrad Fisher, as part of our PA Working Group. That core group, which included Stan Wilmoth of the SHPO, made the PA draft, currently included in the DEIS, an excellent document. However, we are open to any other suggestions that you may have to make the document an even stronger tool to outline future cultural preservation efforts should the Board license an alternative.

I left several voice mail messages on your office phone. I also left a message with your office assistant a week ago or so. Please feel free to call me on my office phone (shown below) or cell (240-446-5086), or via email at nadalss@stb.dot.gov.

Best Regards,

Cathy
