Dear Consulting Parties,

This is a reminder that we will be having our monthly Section 106 call this Monday, August 12th at 1 pm EST.

The call will focus on the ongoing archaeological pedestrian surveys being conducted in the Tongue River Valley. A number of staff members from ICF International who are leading the work will be on the call to answer your questions. As you know, we have had equal numbers of archaeologists and tribal members making up our field crews. This has turned out to be a great way of ensuring that tribes are fully involved in our NEPA alternatives analysis. From what I hear from the field, this format has also been a wonderful success!

As on previous calls, Kenneth Blodgett will begin the call by providing you with an overall update on the TRRC Project. We will also update you on the completion of surveys that have identified historic properties in the built environment.

When: Monday, August 12, 2013 1:00 PM-2:30 PM (UTC-05:00) Eastern Time (US & Canada).

Please use the following call-in number and password for the call :

Toll-free number: 1-877-423-6338,

Participant Passcode: 364456

Please feel free to contact me if you have any concerns or questions.

All the best,

-Cathy
