Rick -

I'm unable to provide the technical assistance you need. Someone from the consulting firm working for the STB on this project (ICF Consulting) will call you to see what assistance we can provide you.

Thanks,

Dave

Subject: Docket FD 35952 GLBT

Dave,

I have reviewed your request for comment and got the KMZ file off of the website. In order for us to comment, we would have to know the ROW the tracks will follow. I tried to convert the KMZ to a shapefile for use in ArcMap but it did not create a proper polygon, possibly due to a gap in the file somewhere. Would it be possible to get a shapefile or other GIS based feature class for the ROW? We will not be able to comment further without it. Thanks.

Rick
