Subject: Uinta Basin Railway-GIS connecting

Hi Kevin,

We would like to have our GIS lead talk to your GIS lead to understand what is in the large volume of aerial imagery that you have collected and discussed at our meeting in Salt Lake City a couple of week ago.

Josh has okayed my reaching out to you on this.

Could you please let us know the name and contact info of your GIS lead? Is this Travis? Ours is Brent Read. I will connect the two of them.

Thank you,
Debi
