Subject: Following Up on Section 106 Working Group
Date: Thursday, December 19, 2019 4:06:00 PM

Hi. Would you be able to reach out to Utah DOT to see if they are interested in participating in the Section 106 process for this project? I know that FHWA has declined to participate but made suggestions to reach out to the state DOT. I want to make sure I am going through the correct lines of communication here, with PLPCO. Thanks very much and contact me with any questions.
