Hi Jay -

Kathryn seen a PDF previously. But I would like to have the original signature page for the files when you get a chance.

Thanks,

Dave

Subject: Port Mac PA

Dave,

I have received a signed copy of the PA from ARRC. Would you like me to send over the hard copy, email a PDF the signature page to you, or both?

Thanks,

Jay

Dear Mr. Navecky:

I am writing in regard to the Proposed Port MacKenzie Rail Extension (FD 35095). I know that the Final EIS has been issued. Do you know when the Record of Decision will be issued? Also, what other permits does the project need? AkPIRG is interested in getting the public to input on important projects like this one. A time line of when those comments are due and to whom to direct them would be very helpful.

Thank you for your time.

Sincerely,

--
