Subject: USACE contact for Uinta Basin Railway

Kevin,

I hope your Scouting events finished up well—sounds like a fun time. As I mentioned on the phone last week, Nicole Fresard at the Bountiful Office of the Corps has requested that you reach out to get her up to speed on the Coalition's field work and to coordinate on the Corps' permitting process. Nichole will be the main Corps contact for the project moving forward and I told her that you would probably be in touch some time this week. Her contact information is below:

Nichole Fresard, Bountiful Field Office
Phone: 801-295-8380 x8321
Email: nichol.d.fresard@usace.army.mil

Best,
Josh
