Hi Matt,

I have attached a couple of files. The first one is a list of the tribes that were initially contacted (Tribescontacted.pdf). Of those, we eventually narrowed the list based on feedback that we received. Rick Starzak of ICF provided me with a breakdown of the contacts that we have had with each of these tribes as well as those that have decided to participate in the project (Rick.docx). In some cases, we haven't received formal feedback; however, we are assuming their interest in participating unless we hear otherwise. Better safe than sorry.

Both the Oglala Sioux and Northern Cheyenne tribes have asked to be involved in the overall NEPA process. We are therefore consulting with both tribes regarding all of environmental issues we are looking at beyond cultural or historic resources.

Hope these files provide you with the information you were looking for. Please let me know if there is anything else you need or if you think we have overlooked any tribes.

All the best,

-Cathy
