Subject Re: STB Deadline Reminder for Site Eligibility Recommendations

Hello:

For those of you that requested more time, please submit your National Register recommendations by today. Thanks.

Hope you all have a wonderful holiday weekend!

Best,
Cathy

Hello:

As you know, last Friday was the formal deadline for submission of National Register eligibility recommendations for the sites visited in August and early September. On Friday, I received several requests for extensions of time, some of which were in the order of 2-3 weeks. I'm sorry to say that we are unable to accommodate some a long extension as we have our own deadlines that we must meet. Please note that last Friday we did receive National Register eligibility recommendations from the Rosebud Sioux Tribe (conducted in collaboration with Sisseton Wahpeton and Standing Rock). If need be, we will make our recommendations to the SHPOs based solely on this submission.

For those of you that still wish to submit information, please to do so by the close of business this Friday, October 9th. Anything that we receive later than that will **not** be accepted.

Thanks.

Cathy

Subject: STB Deadline Reminder for Site Eligibility Recommendations

All,

I am sending one last reminder to you all regarding submission of National Register eligibility recommendations for sites you visited in late August and early September (list is attached below). The **deadline** for submission of your recommendations is this **Friday, October 2, 2009**. Thus far, we have received **no recommendations** from **ANY** tribes on this last group of unevaluated sites. Without tribal input, it will be difficult for the STB to show that these sites are important to tribes. Thus, I hope you take the time out of your busy schedules to provide us with the level of input we received before.

Thanks again for your continued assistance with this project. Please feel free to call me if you have any questions or concerns.

Best Regards,
-Cathy

Greetings to all,

I'm forwarding the following message to each of you on behalf of Catherine Glidden, Surface Transportation Board.

Please respond directly to Cathy via phone, email or mail if you have any questions.

Thank you,

Randy Withrow

The Louis Berger Group, Inc. (STB Third-Party Contractor)

-----Message from Catherine Glidden Follows

Hello Everyone,

My thanks to all who joined us for field visits to archaeological sites along the Dakota, Minnesota & Eastern Railroad project corridor in late August and early September.

I am sending you this email as a reminder that we are once again looking for recommendations from you regarding the National Register eligibility of each of the sites that were visited. Our deadline for receiving your comments and eligibility recommendations is Friday, October 2, 2009.

I've attached a list of the stone feature sites that we visited in Wyoming and South Dakota on August 25-27 and September 1-2. You are invited to provide comments and recommendations on any or all of these sites based on the field visits, survey reports, and any other information you've received. Please note that you should receive updated maps in your mail early next week for each of these sites showing the location of all newly identified features. We hope this information will be helpful in your evaluation of these sites.

Please submit your eligibility recommendations including any supplemental information you deem important directly to me at the address provided below. It is important that you reference the applicable Evaluation Criteria (A, B, C, and/or D) for those sites that you feel may be eligible for listing in the National Register whenever possible and appropriate.

Please keep in mind that if confidentiality concerns are an issue, the STB cannot be certain of the application of FOIA to information provided to entities other than this agency. Therefore, I would recommend that you send the information directly to me either my mail, e-mail, or fax.

My thanks again to all who participated in the field visits.

Best Regards,
