Lou -

As requested, attached is the Word file of Chapter 4 for you to use to provide comments on and suggest changes to mitigation using the Track Changes function of Word.

I was out of the office all last week and came in this morning to learn that Vicki is off this week and will be back in next Monday, December 1. You and I can speak about your comments today, Tuesday or Wednesday, or you can wait until Monday when Vicki returns.

Thanks,

Dave
