Hi Dianne:

Say, we just received the packet (returned to sender) that we sent you requesting your participation as a consulting party for the Tongue River Railroad Project. I have attached PDF files of these documents below as I had thought that you would want to participate in this project and assume that the packet was returned in error. As you may know, the current alignment would impact the Wolf Mountain Battlefield Site, recently designated an NHL, among other things. As a result, we have reopened the Programmatic Agreement (PA) for revision. This is all well explained in the attached letter. Attached is a copy of our letter to you (EO-1560), the original PA and the PA Extension which needed to be signed in order to extend the PA for a year as we work to revise the original PA.

Please call me if you have any questions (202-245-0293).

Hope you are well and Happy New Year!

Cathy
