Hi All,

I have one correction to the agenda. Terence Clouthier is incorrectly identified on the agenda as being with the Oglala Sioux Tribe. He is actually with the Standing Rock Sioux Tribe. I have attached the corrected agenda below.

Dear Consulting Party,

This is a final reminder regarding the planned Section 106 conference call for the Tongue River Railroad Construction Project (FD 30186). The call is being held **today at 1 PM EST** (call-in information shown below). I have not received any ideas regarding changes to the agenda (see attached). However, we can add other talking points if needed.

Also, please take the time at some point to review the consulting party information shown in the attachment (let me know if I need to make any edits). This list is a work in progress as we may need to add additional parties throughout the Section 106 process.

At some point, I would encourage you to visit the [project website](#) as it provides helpful information about the project.
