

New England Transrail Environmental Impact Statement

On June 24, 2016, New England Transrail, LLC (NET) filed a petition for exemption with the Surface Transportation Board (Board) pursuant to 49 U.S.C. §§ 10502 and 10901 in Docket No. FD 34797 (Sub-No.1). NET intends to acquire, construct and operate various rail lines and construct and operate transloading facilities, where goods and materials are transferred from rail to truck, in the towns of Wilmington and Woburn, Massachusetts. NET proposes to acquire 5,727 feet of existing track, to rehabilitate or construct a combined 10,838 feet of track, and to operate as a rail carrier over the total 16,565 feet of track on and adjacent to property currently owned by the Olin Corporation at 51 Eames Street in Wilmington.

Because this project has the potential to result in significant environmental impacts, the Board's Office of Environmental Analysis (OEA) has determined that the preparation of an Environmental Impact Statement (EIS) is appropriate pursuant to the National Environmental Policy Act of 1969, as amended (42 U.S.C. §§ 4321 et seq.).

OEA issued a Notice of Intent (NOI) to prepare an EIS and Draft Scope of Study for the project, which can be viewed on the Board-sponsored project website at www.NewEnglandTransrailEIS.com by clicking on "Notice of Intent" under "Related Documents and Links."

We invite you to participate in the EIS scoping process by providing written comments on the Draft Scope of Study. You can find more information at www.NewEnglandTransrailEIS.com or by e-mailing NewEnglandTransrailEIS@icf.com. The scoping comment period closes on November 29, 2016. Please call 877-573-8930 with questions.

Public Scoping Meeting Please Join Us

October 25, 2016
5:30pm – 8:00pm
Wilmington Middle School
25 Carter Lane
Wilmington, MA 01887

The scoping meeting will be held in an open house format for the first half hour followed by a brief presentation by OEA and an opportunity to provide oral public comment.
