Dear Mr. Klempner:

Your request for approval under 49 C.F.R. § 1105.10(d) and 40 C.F.R. § 1506.5 for retention of ICF International (ICF) as an independent third-party contractor for the above referenced project is approved. ICF will assist the Surface Transportation Board (Board) in the preparation of the Environmental Impact Statement in connection with the proposed project by New England Transrail, LLC, to construct and operate a rail line and transloading facility in Wilmington, Massachusetts.

I have attached a disclosure statement that we ask you to forward to ICF to complete. Once the statement is signed by ICF, we request that ICF send it directly to us. As you know, the Board's Office of Environmental Analysis will direct, supervise, and control the work of the independent third-party contractor and will be responsible for all environmental documentation prepared.

If we can be of further assistance, please feel free to contact Danielle Gosselin of my staff at (202) 245-0300.

Sincerely,

Victoria Rutson
