Dear Consulting Parties:

This is a reminder that our last monthly Tongue River Section 106 call will be on Monday, December 8 at 1 PM EST/11 AM MST. During the call, we plan to discuss with you the final draft PA that has been developed by the PA Working Group. Rick Starzak will send out the draft PA to all the consulting parties in advance of Monday's call.

Please note that we will be accepting comments on the draft PA until January 16th. On December 19th, OEA will distribute a draft matrix of consulting party comments that have been received until that time and how these have been addressed in the draft PA. The final draft will then be included in the DEIS to be released for public comment.

As you know, all consulting parties will have further opportunity to comment on the PA during the DEIS comment period along with our analysis of impacts to cultural resources within each of the alternatives under consideration by the Board.

The agenda for Mondays call is as follows:

1. NEPA Updates
2. Summary of Working Group Draft PA Updates
3. Status of PA Comment Matrix
4. PA Schedule

Please use the following call-in number and password for the call:
Toll-free number: 1-877-423-6338,
Participant Passcode: 364456

I hope you join us for our final call on Monday. We look forward to your participation.

All the best,

Cathy
