The Canaveral Port Authority plans to file a request with the Surface Transportation Board (Board) for authority to construct and operate approximately 11 miles of new rail line to Port Canaveral (Port) in Brevard County, Florida. The proposed Port Canaveral Rail Extension would also utilize approximately 17 miles of existing rail line at the National Aeronautics and Space Administration's John F. Kennedy Space Center (KSC) to make a connection with a main line of the Florida East Coast Railway. The proposed rail line would begin near the Port's North Cargo Area, extend west over the Banana River, enter KSC on Merritt Island south of Kars Park, and then turn north through KSC grounds where it would connect with KSC's existing rail line. The construction and operation of this proposed project has the potential to result in significant environmental impacts; therefore, the Board's Office of Environmental Analysis has determined that the preparation of an EIS is appropriate pursuant to the National Environmental Policy Act.

To help determine the scope of the EIS, the Board's Office of Environmental Analysis will be hosting two public scoping meetings at the following dates, locations, and times:

Nov. 18, 2014

5:00 to 8:00 p.m.

Eastern Florida State College, Titusville Campus
John Henry Jones Gymnasium
1311 North U.S. 1
Titusville, Florida 32796

Nov. 19, 2014

5:00 to 8:00 p.m.

Radisson Resort at the Port
The Convention Center

8701 Astronaut Blvd.
Cape Canaveral, Florida 32920

The first hour of each meeting will be an open house format, followed by a brief presentation, and an opportunity to provide public comments. Interested parties are invited to submit comments by December 19, 2014, to assure full consideration during the scoping process.

Scoping comments may be submitted electronically on the Board's website at: www.stb.dot.gov, by clicking on the "E-FILING" link. Please refer to Docket No. FD 35852 in all correspondence. NOTE: we cannot respond to email correspondence at this time.

Scoping comments submitted by mail should be addressed to:
Dave Navecky, Surface Transportation Board
395 E Street, SW, Washington, D.C. 20423-0001
Attention: Environmental Filing, Docket No. FD 35852

For further information please visit a Board-sponsored project website at:
