Thank you, Kevin. We are also requesting a .kmz file showing the proposed centerline of the Whitmore Park route if this is readily available.

Best,
Josh

Subject: UBRy Whitmore Park Alignment and Environmental Baseline Field Survey Tech Memos

Josh,

Per our conversation earlier this week, attached is a drawing of the preliminary proposed centerline of the Whitmore Park alignment. Also attached are the proposed TOCs of the Tech Memos for the Waters of the US field surveys and the Biological Resources Characterization field surveys. We're currently working on both tech memos, as well as the cultural resources tech memo.

Please let us know if you need any further information on these.

Kevin
