SUBJECT : AB - 416 (Sub No. 4X) - San Bernardino Associated Governments -

We have reviewed the environmental report submitted in the () regulated abandonment, () petition for exemption, (x) notice of exemption proceeding.

(X) The environmental Report is acceptable - Based on our review we have determined the environmental report will be accepted.

() The environmental Report is unacceptable - Based on our review we have determined the environmental report is unacceptable for the reasons specified below. In a notice of exemption proceeding the notice should be rejected as required by Ex Parte No. 274 (Sub-No. 8), Exemption of Out of Service Rail Lines (not printed), served December 29, 1987. In a petition for exemption or a regulated abandonment we suggest that the petition or application be rejected due to the deficiencies in the environmental report.
