Subject: Re: Frank Pattons Legacy

Amy and Scott, its's our job to ensure that the Board knows the full extent of environmental impacts before making a decision. It's not our decision to make-- It's the Boards after completion of the environmental and merit reviews.

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.

Subject: Frank Pattons Legacy

Vicky, Phyllis and David, You will be making the worst decision of your life if you don't stop this application process immediately. This project will affect lives and the environment negatively for centuries to come. For personal profit.

We all are parasites of some sort, but the worst of the worst not only take from the ones that feed them- they destroy them. Frank, you have almost killed your first human being on 4/20/2016 8PM in Rochelle, Illinois, and not one track has been laid.

Vicky, Phyllis and David- Stop this Its your Duty
