STB Finance Docket No. 34040

RIVERVIEW TRENTON RAILROAD COMPANY – PETITION FOR AN EXEMPTION
FROM 49 U.S.C. 10901 TO ACQUIRE AND OPERATE A RAIL LINE IN WAYNE COUNTY,
MI

May 20, 2003

NOTICE TO THE PARTIES:

On May 15, 2003, a decision was served in this proceeding, which: (a) inadvertently omitted the beginning of the first full sentence on page 3; and (b) incorrectly referred to “Central Standard Time” instead of “Eastern Time” in Condition 6 on page 14 of the decision. The first full sentence on page 3 should read: “Alternatively, RTR’s opponents argued that the operation proposed by RTR was not eligible for the class exemption because the property is not subject to our jurisdiction.” Condition 6 on page 14 should read: “As agreed to by RTR, to minimize project-related noise, RTR shall, except in unusual circumstances, conduct rail operations and intermodal facility operations between the hours of 6:00 a.m. and 10:00 p.m. Eastern Time.”

Please correct your copies accordingly.
