SURFACE TRANSPORTATION BOARD

DECISION

STB Finance Docket No. 34608

OHIO VALLEY RAILROAD COMPANY – PETITION TO RESTORE SWITCH
CONNECTION AND OTHER RELIEF

Decided: September 7, 2005

By decision served on August 29, 2005, the parties to this proceeding — Ohio Valley Railroad Company (OVR), Mid-America Locomotive & Car Repair, Inc. (Mid-America), and Indiana Southwestern Railway Co. — were directed to appear at the Board's offices at 1925 K Street, N.W., Washington, DC, at 12:00 noon Eastern time on Tuesday, September 13, 2005, to take part in a meeting in the Board Room (Room 800). In consultation with the Director of the Board's Office of Compliance and Enforcement, Melvin F. Clemens, who will chair the meeting, the parties have requested to reschedule the meeting for noon Eastern time on Tuesday, September 27, 2005, to avoid scheduling conflicts with regard to the previously established date. Director Clemens has agreed. The request will be granted.

The purpose of the meeting is to address the service issues presented in the supplemental petition for relief filed jointly by OVR and Mid-America on May 16, 2005, in order to clarify the factual record and explore the possibility of narrowing the issues in this case. In addition to the parties' representatives, at least one principal of each party shall participate in the meeting.

It is ordered:

1. The meeting in this proceeding that had been scheduled for September 13, 2005, is rescheduled for noon Eastern time on September 27, 2005.
2. This decision is effective on its service date.

By the Board, Vernon A. Williams, Secretary.
