Decision No. 3

Decided: February 24, 2000

By petition filed February 17, 2000, the Erie-Niagara Rail Steering Committee (ENRSC) has requested an extension of the due dates applicable to the comments and replies that will be filed in the first phase of the Buffalo Rate Study. The request is reasonable and it will therefore be granted as set forth below.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. The procedural schedule applicable to the comments and replies that will be filed in the first phase of the Buffalo Rate Study (also referred to as the initial 6-month review phase) is revised to read as follows: Comments from parties other than CSX¹ and NS² are due by April 12, 2000; and CSX's and NS's replies to comments are due by May 12, 2000.

2. This decision is effective on the date of service.
