RE: Large Shipper Nomination to Fill Vacant Positions on the R-STAC

Dear Chairman Begeman, Vice-Chairman Fuchs, and Member Oberman:

I am writing to nominate Dwight Price, DuPont's Category Manager – Rail & Equipment, for one of the vacant large-shipper positions on the Railroad-Shipper Transportation Advisory Council (RSTAC).

I believe his expertise, skills and commitment to the rail industry makes him a perfect candidate for this position.

He has been working in the rail industry for almost forty years, in different roles, both in the rail industry and in corporate settings. This expertise in both sides makes him an ideal candidate for a role of this significance and potential impact in the industry.

At DuPont, Dwight is considered the subject matter expert in all aspects of the rail industry, including the regulatory, commercial, and mechanical sectors. His extensive network within the industry, both with the rail providers and also with his peer group, provides him with great insights and a deep understanding of the needs of shippers such as DuPont as well as opportunities to work with other stakeholders to advance the rail industry in general. His knowledge of supply-chain discipline helps him to understand where rail can best fit into companies' supply chains, and how the use of rail can enhance companies' operations.

Thank you for considering Dwight for this position. If you have any questions, please don't hesitate to contact me.

Best regards,
