Re: Brookfield Asset Management, et al, Docket No. FD 36326

Good Afternoon

Please allow me the opportunity to introduce myself and to speak to the subject of the proposed acquisition of control of the Genessee & Wyoming, Inc. by Brookfield Asset Management and DJP XX, LLC.

My comments are directed to the important issues of the planned Blackstone River Valley Greenway which will be a family friendly multi-use path and recreation corridor that traverses a 48 Mile stretch from Providence, RI. To Worcester, MA. The Greenway is a work in progress that in recent months has regained momentum, especially within this community. The completed Greenway will provide users with access to scenic vistas, family friendly and safe bike and hiking trails, and access to State and local conservation and recreation areas, including the rivers that are prominent in this part of the Commonwealth.

The future of the rail line, and the granting of vital crossings could prove to be the determining factor in our efforts to create this important part of this region's story.

To that end I respectfully request that as a stipulation and condition of acquisition that the new owners be required to work cooperatively with the Blackstone Heritage Corridor, the cities and town that are part of the Greenway (including Uxbridge), the Commonwealth of Massachusetts, the State of Rhode Island and the US Department

of the Interior in order to make the completion of this important community, regional, and inter-state project a reality for this generation.

I look forward to your favorable action and to your enjoyment of the Greenway in the near future.

Thank you.
