Paul Wisner. 445 East Washington, Lombard IL. Finance docket number 35087. I want to know how the EJ&E can be considered a non-party to a merger if they're being bought by the Canadian National and I want a copy of the draft letter and everything. Area code 630-629-0859. I was at your Jan 17th meeting at 1 to 4PM and Canadian National wouldn't give me any kind of information but they did take my name and number so they could put me down on a list of who was trouble makers but they wouldn't give me a decent answer to anything. Give me a call and I want to get a draft and I want to get any other paperwork I can get and I want a listing of Surface Transportation rules where I can force the EJ&E to give out for paperwork that they're required to give out.
