Attn: Danielle Goselin, Section Environmental Analyniss
Environmental Filling FD 35116
395 East Street S.W.
Washington, D.C. 20423

Dear Danielle Gosselin:

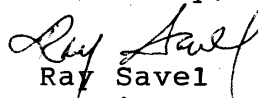

The Quehanna Industrial Development Corporation located in Karthaus, Clearfield, County, Pennsylvania, requets the Surface Transportation Board approve the application for the R. J. Corman Railroad Company/Pennsylvania Lines to construct a Rail Line from Wallaceeton, Clearfield County to Gorton, Center County. In past years a Rail Line operated in the same area.

The Rail Line is needed to bring employment to the area. The economy is very bad in our area and employment is needed. This Rail Line would result in a very much needed boost to this area.

This line would take many trucks from traveling through the area towns. This line would be very good for the environment, the traveling public and the area economy. QIDC would like to request that this application be approved without delay.

Thank you for your time and consideration.

Sincerely,

Ray Savel
President
