

Derail the Tongue River Railroad

Dear Ken Blodgett, Surface Transportation Board, Attention: Environmental filing,

I strongly oppose the construction of the Tongue River Railroad and increased coal-for-export traffic throughout Montana. This proposal would negatively affect my community by condemning private land for corporate profit, just to fuel competing Asian economies. It would take good farm and ranch land out of production, would make farms and ranches more difficult to operate, and would devalue property for 90 miles through the Tongue River Valley. It would also damage irreparably the Tongue River Valley's historical and cultural resources. I urge you to consider these impacts in the scope of the Environmental Impact Statement, to act upon the statewide opposition to this project, and to pursue the no-action alternative.

docket number: FD 30186

Thank you

I'm concerned that Missoula will be impacted
environmentally with the increase of more
trains. Air quality, water quality, economic
challenges (export taxes!)

Please study the impact of Carbon emissions, habitat, H₂O
quality (fresh H₂O & Ocean H₂O - ports)
Respiratory health issues. Effects of
increased = noise levels (trains) Economic impact (taxes)
