Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I do not support the purchase of EJT+E
rail way by Canadian national.

This would severely impact my neighborhood in a negative way (Barrington + Lake Zurich).

My concerns are: 1) traffic congestion which would impact local businesses and property value in the area. My travel around town and to work would be significantly increased.

2) Safety - more trains + longer crossings + traffic congestion would be less safe. Concerns for school bus traffic and loads on trains of hazardous material.

3) Ability for ~~difficult~~ police + fire to get in and around the community would be severely hampered.

Our community was not built to accomodate this level of train traffic and would not have the funding to change the roads and infrastructure.

Please take into account the needs + input of those of us living in the affected area not just those of big business!

YOUR INPUT IS IMPORTANT!
