Mr. Navecky,

The Brown Family has owned and lived at 10644 Cemetery Road for over 48 years, my parents purchased this farm to raise cattle. My father was the principal and my mother was a teacher at the local Capron Grade School for many years. The Capron Grade School will be within several thousand feet of the proposed Great Lakes Basin Transportation project. I am very concerned about the noise level for the learning environment of the school, my well water to my home, water for the livestock, the accessibility of the first responders, and the rural road closings. The Brown Family has always put Capron community's best interest first.

As a 2nd Generation family member to live in Capron, I respectfully submit this letter opposing this project.

Sincerely,

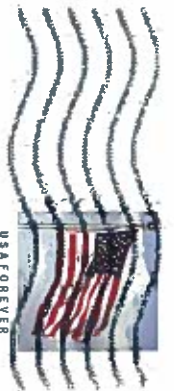

A handwritten signature in black ink, appearing to read 'Jeff Brown', with a long horizontal flourish extending to the right.
