Transcript:

I would like an meeting in Naperville-Plainfield for this train um issue. Um we'd like to learn more about the Draft EIS and be able to make formal comment on how it will affect our neighbors in Naperville, ourselves and our neighbors. And I would also like to talk about the Draft EIS and how the noise study is completed for our area to be above acceptable noise levels, we need to work something with this, something out with CN, there's no funding mechanism stated in the Draft EIS, through CN, Federal, state, or city. There is no quiet zones designation and we think this is unacceptable. Thank you
