Hi Alan,

I believe that is correct. Shered, please feel free to correct me if the players have changed.

Thanks and make it a great day!

Hi. I wanted to reach out to you to ask for your assistance in helping me identify the appropriate folks to invite to, and participate in, the upcoming monthly Section 106 Consulting Party meetings. I have a long list of names and email addresses covering the BLM State Office, BLM Price Field Office, and the BLM Vernal Field Office. The staff that I have include:

BLM State Office – Nathan Thomas, Nicole Lohman

BLM Price Field Office – Natalie Fewings, William Brant

BLM Vernal Field Office – Amber Koski, William Reitze

I want to make sure that the process is set up efficiently and that I am inviting the right people, so that the agency is represented well in all discussions. I would appreciate any input you may have.

Thanks very much and looking forward to moving the 106 process forward!
