ATTN: Dave Navecky -Docket No. FD35952
Surface Transportation Board
Office of Environmental Analysis
395 E. Street SW
Washington, DC 20423-0001

Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

Again, I am reiterating the neighborhood hardships that occurs along my proposed rail route that is similar to others in like known in this rural area. The rail virtually cuts on my property and severs the farm in two. We would not qualify as a crossing and we would effectively cut off from a main county road on the west. Not to mention the damming of the water table, the road closing shuts off normal access to police-fire and school bus routes. All this for a private investment for an idea that will not reduce Chicago rail congestion.

Respectfully Submitted
