Transcript:

I'm calling in reference to the STB Finance Docket number 357, 35087. I wanted to let you know that I have read the document and I find no valuable increase or no valuable resources available because of this expansion that the CN wants to take over with EJ&E Railroad. I live in this area, as do many of my family, and I just do not see any benefit whatsoever concerning all of the environmental changes it's going to make with the increased time with the emergency response or ambulances and fire engines and such, I just see no positive impact of this whatsoever and I strongly hope that you would understand our concerns and that you would take them seriously and know that we are not in favor of this. I can also be reached if you need further comment at 630-235-2456. Thank you
