Message: Body of the attached letter follows:

I am opposed to the proposed acquisition of the rail line through Naperville, IL by Canadian National Railway. The acquisition would dictate an increase in the number of freight trains speeding through the community. This is not safe, increases pollution and noise, decreases Fire and Rescue response times, fractures neighborhoods, hurts Naperville commerce and business, and causes traffic gridlock at the crossings.

Please reject the acquisition of rail lines by Canadian National (STB Finance Docket # 35087), or impose conditions that would largely overcome all community objections. Preserve the health of people in the Naperville community.
