

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date:

Aug 27, 2008

Do not threaten the safety of our children, schools and towns with increased train traffic. Crossings will endanger the children and cause terrible traffic jams and accidents. ~~The~~ The noise, pollution and increased traffic are unconscionable. There are tracks near the high school and two other intersections where students need to cross. This freight is not more important than our children. I teach and we have three children who live in this community. Say NO to the buyout.

[illegible]
