

9/29/08

Dear Phillis,

I am a concerned citizen of Frankfort, Illinois. I do not want the Canadian National Railway to increase the number of trains per day. I do not want to pay in taxes for the overpasses + underpasses.

I think the STB should order CN to pay for overpasses + underpasses instead of the taxpayer. They are a profitable company + they should pay! Please consider the citizens concerns!!!

Thank you.

Sincerely,

Jori + Ken Calzavara
