RE: Finance Docket # 34284
Vulcan Materials Co. / Southwest Gulf Railroad

Dear Ms. Ghosh:

I oppose the construction of the Vulcan Quarry and the Southwest Gulf Railroad. I live in an area where our source of water comes from the Cow Creek Aquifer. The construction and maintenance of the proposed Southwest Gulf Railroad line may require water to be pumped from the Cow Creek Aquifer. This water supply is already endangered by over development in this area.

I am also concerned over the possible pollution to the Edward Aquifer.

Respectfully,
Doris Johnson
