RE: Environmental Filing FD 35116

Dear Ms. Gosselin:

Please cease and desist all activity related to the proposed land fill and ethanol plant. I implore you to reconsider these projects, as the plans seem to inadequately address many of the residents' concerns. I am also appalled at the intentional neglect of the environment and local wildlife. The community, particularly the Snow Shoe Rails to Trails organization, promote a positive recreational outlet for many, many people, and I abhor the idea of destroying part of our facilities simply for the financial gain of a few. Again, I urge you to discontinue all efforts currently directed at wildlife degradation and community erosion.

Thank you,
Cate Lysienek
