I'm commenting on the acquisition of the EJ&E Railroad from the Canadian National Railroad in conjunction, not thoroughly understanding, I understand it will expedite faster transportation system and it will alleviate the noises and inconveniences that we are experiencing today. I'm a resident of South Holland for 41 years and I've seen us go from 2 trains a day up to, they tell me now, it's 23 trains a day, which is inconvenience and safety hazard as far as going by schools, emergency care and etc. So, I am for this acquisition and I'd like it dutily noted. Thank you
