Dear Ms. Johnson-Ball:

As Fire Chief of the City of Berwyn, I'm writing to detail the positive impact of reducing freight traffic on the lives and safety of the residents of our community.

As a result of the freight traffic, the City of Berwyn must reroute our first responders or rely upon neighboring communities to respond to emergency calls. When seconds and minutes matter, blocked grade crossings can compromise our ability to save lives.

In addition, fewer freight trains mean less noise and congestion in our community and fewer opportunities for our children to find their way onto busy rail lines.

I urge you to consider the improved safety on the residents of the communities that will see fewer freight trains and approve the CN acquisition of the EJ&E Railway.

Thank you for your consideration.

Sincerely,
