815- 485-2953. I want to express my complete opposition to the proposal of CNN offering to buy out the local rail lines. I think that their proposal is completely inadequate, there's not been enough review done on it, and there is very little funding that they suppose to provide, if any funding at all, and I'll be waiting to see how you rule on this and as I say, complete opposition to this proposal, it's gonna create a real problem out here for all of us in this local community. So, just so you have my name and number and I'll be watching how you vote on this situation. It should not be fast tracked through until CNN provides the proper funding that is needed to do what they're going to try to do to the whole southwest suburb area of this. Thank you for your time
